**The coordination of the medical brigade's assistance was in charge of Mr. Carlos Menéndez (FSC).**

The Brigade made up of doctors from the IESS Rural Insurance combined with doctors from the MSP and the FSC coordinator left from Centro Unión, Cuyabeno beaches towards the community of Zabalo on the banks of the Aguarico River.

With the purpose of providing comprehensive health services to this hard-to-reach community with care in: general medicine, obstetrics, pediatrics and dentistry.

**Reception by the President of Zabalo to the medical brigade.**

**Community care in different areas, including minors, pregnant women, adults, and senior citizens:**

Delivery of medicine in all care settings.

PEDIATRIC Care

Attention to pregnant women

DENTISTRY....

The administrative part to register more heads of households to the peasant insurance

Medical visits to elderly **and** disabled **patients** with **chronic** illnesses in their homes on the banks of the Aguarico River.

FOOD for the medical group paid for by the donor and the FSC

Diagnoses of what certain care presents by collecting information from each head of family are: **Flu and throat infections, gastrointestinal in children and adults, colitis, high blood pressure or hypertension in the elderly, skin problems, osteoporosis and ophthalmology (cataracts and vision to wear glasses).**

Retirement from the medical group after two days of stay in the Zabalo community, successfully attending to everyone, and with the desire for a second opportunity in this year 2025 with more integration in the OPTHALMOLOGICAL part that so much the Cofans need.

**Date of preparation:** Monday, April 7, 2025.

**Prepared by:** Mr. Carlos Menéndez, Coordinator of the Peasant Insurance of the FSC.
