

Making Your 2026-2027 Pledge to Your Church Community

Dear All Peoples members and friends,

Welcome to Stewardship Season with All Peoples!

Our congregation offers a home where all of us can safely be ourselves as we deepen our spirituality while providing opportunities to live our values with others.

Your pledge during our Stewardship Campaign helps our Board of Trustees plan our 2026-2027 budget and enables the congregation to decide the best ways to allocate our resources.

Opportunities for Learning and Fun

Look on our website and in the Sunday order of service to see the many great opportunities we provide for our members, friends and visitors. In addition to our Sunday Services and Family Ministry groups for children and youth, we have multiple types of exploration classes for all ages, social gatherings and monthly potluck lunches, choir, concerts, book discussions, luncheons, meditations, earth-centered events, art gallery, and the annual WinterFair art show. While we're delighted to have many volunteers to make all this happen, your pledge ensures that we can keep up with the basic costs of these offerings.

We Are Growing!

Our church membership and Sunday service attendance are growing-- signs of a thriving community. We are pleased to be welcoming newcomers and new families all the time. The continuation of this growth will be what allows All Peoples to meet the challenges of these turbulent times in our country, both locally and nationally.

Call to Action

Our community's focus on justice, advocacy and activism makes us a critical congregation for promoting social, economic, racial, reproductive, LGBTQ+ and immigrant rights in our city and state. These activities require funding to support our Justice Center and its important outreach and engagement. The more you can pledge, the more offerings and activities we can support.

Supporting Our Staff

Our congregation provides many opportunities coordinated by our exceptional church staff. A portion of your pledge goes toward paying their salaries, insurance, retirement and other benefits. These expenses are expected to increase this year.

Maintaining Our Church Property

Pledges are also used to maintain our church building, Justice Center and our extensive grounds- which include a Memorial Garden and beautiful woods for all to enjoy. While our much appreciated volunteers are important in this maintenance, much work must be hired out. Insurance costs for our property continue to rise and utilities are more expensive than ever.

Pledges are essential to yearly planning.

Based on projected expenses and budget priorities for the upcoming 2026-2027 church year, our All Peoples Board is asking for **an increase of 5%** relative to last year's pledge amount.

We welcome and appreciate any amount that you can pledge in your anticipated giving for the 12-month period beginning on July 1, 2026.

Below is a Giving Guide showing potential pledge amounts to consider based on your annual household income.
